**USD 1000***

★★★★★

*Final pricing will include shipping and any applicable taxes.

**OlyLife THz Tera-P90** is a wellness device designed to support relaxation and overall well-being through frequency-based technology.

By combining pulsed electromagnetic field (PEMF) technology and terahertz-based frequency patterns, the Tera-P90 is designed to complement the body's natural balance and support a calm, revitalizing experience as part of a healthy lifestyle.

**PEMF (Pulsed Electromagnetic Field) Technology:** Utilizes low-frequency electromagnetic signals designed to support relaxation and general wellness.

**Terahertz-Based Frequency Technology:** Utilizing a focused band of 3-3000μm, known as the "light of life," terahertz energy resonates synergistically with body molecules to improve microcirculation. Its impressive penetrating power reaches 4-5 cm under the skin, enhancing cellular interaction and improving overall tissue health.

## Functions

- Supports overall wellness
- Encourages relaxation
- Designed to complement a balanced lifestyle
- Supports physical comfort
- Promotes a sense of vitality
- Complements daily self-care routines

## Product Features

**Dual-Frequency Technology**
Combines PEMF and terahertz-based technology for a comprehensive wellness experience.

**User-Focused Design**
Engineered for ease of use and comfort during sessions.

**Non-Invasive Experience**
Designed to provide a gentle and supportive wellness session.

**Wellness-Oriented Technology**
Developed to complement the body's natural processes as part of a healthy lifestyle.

FDA Disclaimer: OlyLife products are advanced wellness devices that are safe, non-invasive, and supportive of overall well-being. While PEMF technology has been trusted since the 1970s and certain devices are FDA-cleared for specific wellness uses, OlyLife products are not medical devices and are not intended to diagnose, treat, cure, or prevent any disease.
